

KEY STAGE 1 WEEKLY LEARNING MAT week beginning 13.4.20

This week's theme is Safari!

Draw an animal and put it in your window at home for a local eye spy!

Don't forget to download the weekly spellings off your class page.

TOPIC ZONE

Thinking about last week's challenge of different ways to make 10. Can you think of ways to make a different number? Start with numbers up to 10 and then move to numbers up to 20 (use the diagram below to help you record). How many different ways can you make the number?

Y2s: can you use the diagrams to make subtraction number sentences?

Play <https://www.ictgames.com/mobilePage/smoothie/index.html>

Practise your number bonds and record your highest score.
Y1s: facts to make 20
Y2s: facts to make 100 (multiples of 10)

https://youtu.be/qnaXJf_yaj8

Watch the film about a pride of lions in Africa.

Can you write a report about lions using facts you learned in the film?

Tweet your report to @MarlcliffeKS1

Can you answer these questions now?
How long can lions snooze for?
How many lions are in a pride?
How large are male lions?
What does a 'lion's heart' mean?
Where are lion's eyes?
Why?

Take some animal toys outside. Using the shadows, draw around them to make your own safari picture.

Come and boogie on down with this wing-flapping, trunk-waving toe-tapper of a song! Encourage the whole family to join in with the animal actions!

Maths Shed

<https://play.edshed.com/>

Log on with the username and password that you have been given. Choose 'Number bonds' then

Y1s: click 'Bonds to 20' +
Y2s: click 'Bonds to 100' +
Start on 'easy' and work up through levels.

Number Bond Card Game

Using the cards from last week, lie them face down. Before playing, choose a target number less than 10 (e.g. 8). The players then take it in turns to turn over two cards. The first player to turn over two numbers that total the target number (e.g. 6 and 2) gets the point and chooses the next number.

Y2s: to make the game harder, add another set of cards and choose a target number under 18.

Spelling Shed

<https://play.edshed.com/>

Log on with the username and password that you have been given. Choose 'Play', then choose any of the split vowel (a-e, e-e, i-e, o-e, u-e) challenges. In 'more lists' select 'details' then the green arrow to go.

Make sure sound is switched on.

Find a good level and then move on.

Verb Charades

Parents and children to play this together if possible. Write as many verbs as you can on small pieces of paper and place them in one container. Take it in turns to choose a verb from the container and act it out to the other players. The person who guesses correctly gets a point.
Y2s: after each verb is guessed, try to think of an adverb to go with the verb for an extra point!

<https://www.bbc.co.uk/teach/what-are-zoos-for/z649f4j>

Watch the video about how Chester zoo was created. Write 2 interesting sentences to explain how the animal enclosures have changed and why.

What animals live in a safari? How do they survive there? Use your fact-finding skills to research a safari animal with Book Boy's help. Choose a safari animal (e.g. lion, giraffe, crocodile) to research and write a fact file about it. E.g. what it eats, where it lives, what it needs to survive, size and offspring.
