

KEY STAGE 1 WEEKLY LEARNING MAT week beginning 18.5.20

This week's theme is Dinosaurs!

MATHS ZONE

ENGLISH ZONE

TOPIC ZONE

Use objects to share between people or groups. Can we share 10 raisins between the 2 of us? If we have 15 potatoes and we share them between the 5 of us, how many will we each have?

Y2s: You could try sharing numbers that are not in our times tables (so have remainders) e.g. $17 \div 2 = 8 \text{ r}1$.

Play <https://www.topmarks.co.uk/maths-games/hit-the-button>
Y1s: choose 'times tables', 'tables up to 10', and start with 'x2', then move on to 'x10' and 'x5'
Y2s: choose 'division facts', 'division up to 10', and start with '=2', then move on to '=10' and '=5'

Do some research about different types of dinosaurs:

<https://www.activewild.com/dinosaur-facts-for-kids-students-and-adults/#dinos>

<https://kids.kiddle.co/Dinosaur>

Which are your favourite dinosaurs? What do you like about them? Create your own dinosaur using features from your favourites.

Write about your dinosaur, What is it called?
Use the headings:
Appearance
Diet
Habitat
Add illustrations.
Tweet your fact file to @MarcliffeKS1

Use a paper plate or a semi-circle of card from an old box and turn it into dino art! You could use the card/plate for the body or make it into a hinged egg.

You will remember this one; come on everybody, it's time to 'Do the Dino'!

Maths Shed ★

<https://play.edshed.com/>
Log on with the username and password that you have been given.
Choose 'Play', then 'Time Tables' then:

Y1s: play 2s, 5s and 10s (x) again - see if you can get to a higher level this week!

Y2s: play 2s, 5s and 10s again, but this time choose just the '=' questions. Start on 'easy'...then go for it!

Start to answer division (sharing) problems by drawing pictures or using little toys to help you. For example: If I share 8 bones between 4 dogs, how many bones will each dog have?

Y2s: Record as number sentences.
Watch this video for help: <https://www.bbc.co.uk/bitesize/clips/z2frsg8>

Spelling Shed

<https://play.edshed.com/>

Log on with the username and password that you have been given.
Y1s: Please keep practising those important phonemes but also work on the new games for 's' and 'es' plurals.
Y2s: Practise the 'tion' and 'ly' suffixes on your page this week.

Opposites!

Can you think of the opposites for these adjectives? Then have a go at acting out the adjectives like a dinosaur would!

slow
scary
gigantic
gentle
beautiful
weak

(The dictionary word for opposites is 'antonyms'.)

Look at the website: <https://www.nhm.ac.uk/discover/dino-directory.html>

Research the different dinosaurs. Create a fact file for your favourite dinosaur and read the facts to a friend or relative over the phone or video.

We know about dinosaurs from the fossils that have been found. Have a go at this science experiment to make your own dinosaur fossil.

<https://www.bbc.co.uk/cbeebies/makes/presenters-making-a-fossil>
