

Y3/4 Homework Menu for Autumn Term

Each week, the children need to complete the task in their times tables activity book. This will be rewarded with house points. Please don't race ahead and do more than one week; you won't get extra house points!

In order to gain extra house points, you might want to have a go at some of these activities linked to our topic (Britain from the Stone Age to the Bronze Age) and to the texts we will be looking at in lessons. There are plenty of suggestions, but you may be able to think of your own ideas! The collection day will be set by individual teachers.

1- What animals were around in Britain during the Stone Age and Bronze Age? Are any of them still around today? How did people catch and use them?	2- Choose either Stonehenge or Skara Brae. Maybe you've been to one of them, or know someone who has. Make a tourist information leaflet about it.	3- If you could spend a day with a Stone Age person like Om, what would you do? What new skills might you teach her? What would you show him? What would Om teach you?	4- Have you seen the <i>Horrible Histories</i> sketches featuring Ug and Grunt? Could you write a script for your own Ug and Grunt sketch?
5- Find out about some Stone Age or Bronze Age tools. What were they used for? How were they made? Are they similar to tools we have today?	6- Imagine you were transported back in time to a Stone Age or Bronze Age world. What would happen to you? Write a story about your adventures.	7- How did Stone Age people produce drawings? What did they draw? Could you have a go at creating your own Stone Age pieces of art?	8- Write an English phrase book for Om. What words would she need to know? Could you use pictures to help her understand?
